Public Comments:

Tom Dubreuil inquired as to whether the Secretary of State had been notified on the recount. The Select Board deferred to the Town Clerk. Pam Kathan asked if she could see the sealed ballot box. Again, the Select Board does not have access to the sealed box of ballots and deferred to the Town Clerk who maintains the chain of custody.

Christine Ordinetz inquired about the Highway Department truck purchase and applying for grants. Jo Beth noted that submitting the grant proposal was dependent on the warrant article for the bond being passed at Town Meeting. Now it is pending final determination of the specifications and cost with the Road Agent.

Jo Beth motioned to adjourn. The motion was seconded by Carol and passed via roll call vote.
