

Granite State Landfill, LLC

Town of Dalton Select Board Meeting

Dalton, New Hampshire

January 15, 2024

ESTABLISHED 1975

RECYCLING • SOLUTIONS • ORGANICS • COLLECTION • ENERGY • LANDFILLS

Casella in New Hampshire

- Casella is a regional solid waste resource management company with operating locations across the State of New Hampshire
- Casella’s strategic network of facilities connects New Hampshire homes and businesses with the regional recycling infrastructure of the northeast
- We service more than 60,000 businesses and residents in nearly 200 cities and towns
- We provide good green jobs to hundreds of environmental service professionals

Community Impact

Casella is proud to be a part of more than 80 volunteers who came together annually to help keep the North Country of New Hampshire pristine. In partnership with Ammonoosuc Chapter Trout Unlimited, the 2023 river clean-up resulted in a collection of over 1,600 pounds of trash from local parks and waterways.

Sustainable Innovation

In partnership with Casella, Camp Robin Hood, a sleepaway summer camp located in Freedom, New Hampshire, has harnessed the power of food waste to further innovate their commitment to sustainability. Camp Robin Hood’s installation and implementation of the Grind2Energy system to recover food waste for anaerobic digestion marks the first summer camp in the nation to adopt the technology.
