TOWN OF DALTON
756 DALTON RD
DALTON, NH 03598

Property Address - DALTON RD

Dear Property Owner:

The New Hampshire Department of Transportation has scheduled an existing conditions survey on NH Rte. 135 in the area of the bridge over Cushman Brook for bridge replacement. This includes the intersections of Union Rd. and Landry Rd. in the town of Dalton, NH.

A survey crew will be in the area and will need to enter onto your property and/or properties periodically during the next year to locate buildings, drainage, and landscaping. Representatives of the Department will also be in the area to visually review natural and cultural resource impacts. This work is to aid our design personnel with information for engineering.

If you have any questions, please do not hesitate to contact Gary Clark of the Bureau of Bridge Design on issues relating to scheduling and the design at (603) 271-7409. Kevin Nyhan of the Bureau of Environment on natural and cultural resource issues at (603) 271-3226, or our area survey supervisor, Josh Hicks, for any questions related to the fieldwork at (603) 271-2746.

Thank you very much for your help and cooperation.

Sincerely,

A handwritten signature in black ink, appearing to read "J. B. Pohopek".

Jason B. Pohopek, LLS
Chief of Surveys and Mapping
