

Monday, May 18, 2026 @ 7 PM
Working Session
Dalton Select Board Meeting

Meeting called to order at 7pm by Jo Beth. Select Board members Jo Beth Dudley and Warren Green were present. Meeting available for public viewing via Zoom.

Public attendees: Jessica Williams. Via Zoom: None

The MS-535 is not ready yet. The auditor and Jeanette are waiting on some information from MRI and then it will be submitted to DRA for approval.

Once the MS-535 is approved by DRA and signed by the select board, the tax warrant will be prepared for the board's approval and execution. Working sessions at 5pm on May 22, 2026, and/or May 28, 2026, have been tentatively chosen. Jeanette will inform the board when the meeting is scheduled.

Warren will come into the office to sign payroll checks. Jeanette will let him know when they are ready for signature. The board will not have a regular meeting until Monday, June 8, 2026.

The town received the balance due from FEMA in the amount of \$29,490.83. Jeanette will schedule a public hearing for Monday, June 8, 2026, at 6:30pm.

The board would like Adam King, road agent, to come to the June 8th meeting to provide an update on road work and mitigation from the July 2024 flood damages. Jeanette will make the request.

Jeanette provided copies of the transfer station manager job description for the board to review and alter to fit a transfer station attendant position. Discussion took place on changes that may take place to the position, supervision of the role, and posting the job seeking candidates. Michael Carrier is available to temporarily fill in if the search takes longer than expected to fill permanently.

Jeanette completed the boat registration training with the state and is prepared to start doing boat registration in town. Avitar sent a quote for \$1000 to add the program to our current software package. Warren asked if this was an annual charge or one time. Jeanette stated it is a one-time fee. Jo Beth motioned with a second from Warren. Approval via roll call vote.

Jeanette asked for the board's approval on making purchases for the building committee work items on this year's worklist. Discussion took place about previous years' approvals. \$1000 per project was suggested with a \$5000 aggregate cap. Jo Beth motioned with Warren providing a second. Approval via roll call vote.

The Congressionally Directed Spending Grant for the new fire tanker was chosen for submission for the FY2027 appropriation process. The town may be contacted by the Senate Appropriations Committee as part of their outreach process. No expenditures are approved at this point. Proposals will be reviewed and decisions made for the projects chosen to move forward by the committee.

The board received and executed four (4) intents to excavate from Peckham. These covered 2025-2026 and 2026-2027.

Monday, May 18, 2026 @ 7 PM
Working Session
Dalton Select Board Meeting

Jo Beth motioned to enter nonpublic for legal at 7:27pm. Warren provided a second with approval via roll call vote.

Jo Beth motioned to return to public session at 7:39pm. Warren provided a second with approval via roll call vote.

Jo Beth motioned to seal nonpublic #1. Warren provided a second with approval via roll call vote.

Jo Beth asked Warren if the transfer station attendant job description should be reviewed tonight. Warren suggested waiting for Eric and discussing it at the next meeting. Jo Beth asked Jeanette to send all members the word version tracking any changes made. Jeanette confirmed she would send the document as requested.

Jo Beth motioned to adjourn the meeting at 7:41pm. Warren provided a second with approval via roll call vote.

Minutes Respectfully submitted by Jeanette Charon.
